

“Lockett & Farley relied on Advanced Solutions decades ago when we made our switch to AutoCAD. Today, the support we’ve come to expect from ASI has helped position Lockett & Farley as the region’s leader in providing architectural and engineering BIM services – allowing us to bring even more value to our clients. We couldn’t have done it without them.”

Edward Jerdonek, AIA, LEED^{AP}
President & CEO

Advanced Solutions and Lockett & Farley

A winning combination for 10 years

How can we help you with Smart Design Solutions?

As a recognized leader in implementing and supporting 2D and 3D design software solutions, we strive to develop long-term client relationships through our innovative solutions. Our goal is to delight our clients through prompt and professional service, and to help them gain a competitive edge. We work to leverage the strength of our products into solutions for our clients and invest in relationships that put our clients’ needs first. Our partnerships are vital and necessary to our long-term success.

Why should you choose Advanced Solutions?

- **Building Information Modeling Leader** – An industry leader in BIM software and solutions.
- **Autodesk Authorized Training Center** – Professional training and continuing education.
- **Proven Capability** – Over 20 years of experience, and one of the largest Autodesk resellers in the US.
- **Client Relationship** – The company and the people you trust.
- **Strong Local & Regional Presence** – Ensuring a professional and timely response.
- **Consulting & Integration Services** – Extending the functionality of Autodesk software.
- **Certified Gold Support** – Toll-free access to extensive support for each product line.
